## SOURCE

25X1C Airfield of WISMAR22 June 1949

1. According to a local resident, the airfield of the WISMAR (M 54/T 49) Dornier Plant was serviceable <sup>not occupied</sup> but on 22 June 1949. There were no hangars.
2. Another source confirmed the above information stating that the landing field was serviceable for light aircraft only.

25X1A<sup>3</sup>. [REDACTED] Comment:

Report confirms information of 25 June 1949. Contrary to this report, the landing field was said to be damaged by bomb craters. The field can be occupied by an air unit only after repair.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 13 October 1973 from the Director of Central Intelligence to the Archivist of the United States.
